SAM WIDDIFIELD

Made First Lieutenant By General Otis.

Assigned to the Thirty-Sixth Regiment—The Appointment Confirmed By President McKinley.

WASHINGTON, July 11.—The President today confirmed and commissioned the officers recommended by General Otis for the Thirty-sixth and Thirty-seventh Volunteer Regiments now being organized in the Philippines.

Among the list of those assigned to the former regiment appears the name of S. W. Widdifield, a Honolulu boy, who enlisted in San Francisco in the First California Regiment at the outbreak of the war with Spain.

It will be remembered that when the First California's were in this city on their way to Manila that Sam Widdifield, the Turton boys, Hammer and other island boys were made much of, and it is gratifying to add that nothing but good accounts have been received of them since.

Lieutenant Widdifield must have earned his promotion by strict attention to duty and soldierlike conduct in general, for the writer is well enough acquainted with Major General Otis to know that he would never recommend an incompetent man to a position of honor and responsibility, such is usually only attained after years of the dry routine of military service.

Lieutenant Widdifield's appointment is not only an honor to himself and the place of his birth, but is a graceful tribute paid by President McKinley and Major General Otis to the loyalty of the youth of Hawaii.

PAUL JONES' REMAINS.

WASHINGTON, July 12.—Inquiry was recently made at the State Department in regard to the grave of John Paul Jones, the great naval hero of Revolutionary days, who died in Paris on July 18, 1782. He was buried there with the highest honors by the French government, but it appears that the present location of his grave is not known. The Secretary of State recently addressed a letter to Henry Vignaud of the United States Embassy, in Paris, asking whether the grave of John Paul Jones in Paris is known and marked. He has received a reply from Mr. Vignaud, saying that, although he has made earnest and frequent inquiries of the city authorities in regard to the matter, he has been unable to discover the whereabouts of the grave. One thing established by his inquiries, however, he says, is that John Paul Jones was not buried in the cemetery where the remains of Lafayette lie, as has been supposed by some people. In another letter it is intimated that, owing to a custom prevailing in Paris, the remains of John Paul Jones were deposited in a rented grave for a term of years, and that upon the expiration of the lease, a great many years ago, the bones of this distinguished American patriot were thrown into the Pottery Field.

ALGER HEARD FROM.

WASHINGTON, July 12.—Secretary Alger today made, in a report to the Associated Press, his personal statement concerning the rumors that he is about to resign from the Cabinet. When asked as to the truth of the rumors, the Secretary said:

"There is nothing in these reports but air. I shall not retire this year, certainly, and cannot say as to the future. My private business and the state of my health will govern my future course."

"These constant assaults and repeated baseless reports are, of course, very annoying to me and extremely distressing to my family, but I have never retired under fire yet, and do not propose to do so now. Nothing that I have ever heard of or known of has been so cruel as the attacks upon me. If my critics can point to one thing in my official career that I have done that I ought not to have done, or that I have not done that I should have done, I shall be very glad to surrender my present official duties."

STEAMERS COLLIDE.

SAN FRANCISCO, July 12.—The steamers Weeott and Aloha collided last night off Fort Ross, and the Weeott nearly went to the bottom. Both vessels are now bound in, the Weeott being in tow of the Aloha. A huge piece of canvas is spread over the bow of the Weeott, and men are seen by the station at Point Reyes over the bow of the steamer working to keep the water out of the hold.

At about 12 o'clock a telephone message was received in this city from Fort Ross that two medium-sized steamers were in collision off the beach and one of them looked like she was badly damaged. One of the vessels was apparently unharmed and went to the assistance of the one in distress. They both headed toward Point Reyes.

CRICKET IN ENGLAND.

BIRMINGHAM, England, July 12.—The Australians won the cricket match with the Midland Counties team by 44 runs.

LONDON, July 12.—The return cricket match between the "Gentlemen" and the "Players" resulted today in a victory for the former by an inning and 59 runs.
